Sizing Guide

Awesome Custom Apparel Inc.® Sizing Guide

SIZING GUIDE

We make many different garments that are suitable for many different activities. Some are loose and some are body fitting, which means that they are all different size; the large jersey and large t-shirt will fit a person that wears large; the garment itself will actually be a different size.

Please note, this is custom** sublimation and we do not carry samples. It is best to first order a few sizes with approved design before ordering a full run to ensure accuracy.

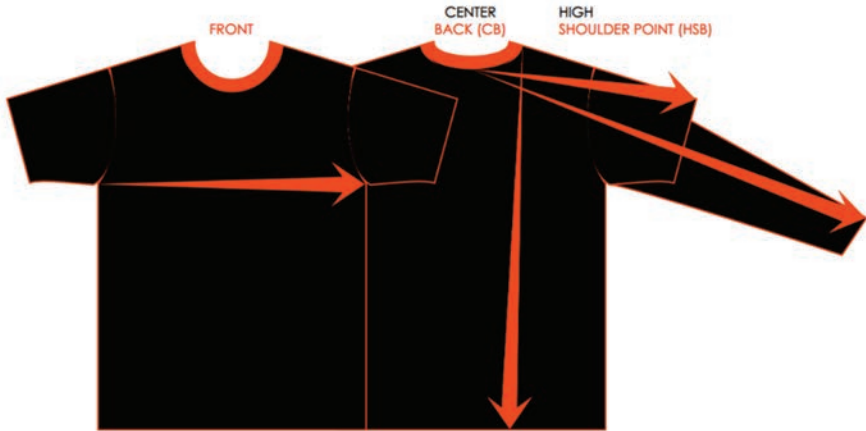

**Custom: we can make length adjustments to the body and/or arms as well as inseam. Garment measurements are all inches.
